Rep. William Delahunt
1517 Longworth Hse. Off. Bldg.
Washington, D.C. 20515.

Dear Rep. Delahunt:

We appreciate every pronouncement you express on behalf of peace and the conclusion to the violence and destruction our nation still imposes upon Iraq. Please speak more forthrightly on behalf of your constituents who seek truth, justice, decency to replace the misrepresentations, contradictions our current "Commander-in-Chief" perpetrates. If war has ended--how come violence and destruction still persist in a country supposed to be so appreciative of our having destroyed their demon leader? From somewhere truth has to surface; let it do so sooner rather than at the cost of continuing destruction, violence, death.

Sincerely,
